**PERSONIX, INC. SELECTS MISSOURI ENTERPRISE
FOR CONTINUOUS IMPROVEMENT PROGRAM**

St. Louis, Missouri, September 5, 2007 – Personix, Inc. has selected Missouri Enterprise to provide a continuous manufacturing improvement program at its Maryland Heights facility. The program will include both employee training and continuous improvement implementation support.

Personix, Inc., founded more than 50 years ago as a printer of business forms, is one of the nation's premier providers of fully integrated business critical communications services to more than 9,000 customers in the healthcare, financial services communications, investment services and retail markets.
